## Operation Sign In

Today the Daytona Beach Police Department's Code Enforcement Team conducted Operation Sign In, which focused on a total of 65 gas stations and convenience stores located throughout the city.

The purpose of this operation was to address the untidiness around the buildings and windows of local businesses. Some of these locations were targeted due to Code Enforcement receiving complaints about the business from local citizens.

During the inspection, Code Enforcement found 508 sign and banner violations. Rather than receiving immediate violations, the storeowners and managers were educated about the City Sign Ordinance and how it aids in both crime prevention for the safety of the their employees and customers. Fifteen locations immediately complied with Code Enforcement. The remaining locations were given additional time to be in compliance.

This is one of many planned operations that will be conducted to create a positive image for our Beautiful City.
