Ms. Ward stated the rezoning will allow a mixed-use project that will include commercial, residential, and industrial uses. Ms. Ward stated all of the modifications requested by the applicant are specific to the proposed industrial uses for the property, including changes in wall places; window coverage; multiple rooflines and changes in rooflines; screening; and truck court screening.

Mr. Barhoo asked about the number of signs requested.

Ms. Ward stated what is requested is permitted in the Land Development Code. Ms. Ward stated the site is very large; and until individual site plans are presented, it will be difficult to visualize what the site will look like.

Mr. Hurt stated it seems that every multiple tenant project that is presented requires modifications to the Land Development Code requirements.

Mr. Barhoo questioned the modification request for the parking lot size.

Ms. Ward stated the parking lot requested is for industrial uses only but the other uses will be required to meet the Land Development Code requirements.

Application Presentation:

Robert Merrell, Cobb & Cole, 149 S. Ridgewood Avenue, Daytona Beach, Florida spoke representing the applicant. Mr. Merrell stated the property was annexed into the City several years ago and did not have zoning in place. Mr. Merrell stated this is not a development proposal but a zoning request. Mr. Merrell stated the site for the industrial development will not require as many parking spaces as it would if the site was used for retail.

Ms. Humphreys stated she hopes some land will be set aside for smaller homes for the workers in Daytona Beach and neighboring cities.
