

**Businesses remain accessible
from side streets as
MLK work continues**

Temporary road base reopens Orange Avenue to Magnolia Avenue

As work continues on Dr. Martin Luther King Jr. Blvd. (MLK) between Orange Avenue and International Speedway Blvd. (ISB), a portion of the roadway has reopened with a temporary base to allow access for local residents and customers of the area businesses.

The lane on the east side of the roadway is open between Orange Avenue and Magnolia Avenue to local traffic. The west-side lane remains closed as crews install the forms for the new gutter, which will be followed by the installation of the new sidewalk.

Quick Tire is accessible from El Dorado Street, and Devores House of Beauty is accessible from Orange Avenue. Beauty shop customers can park across the street in the convenience store parking lot.

The MLK and Magnolia Avenue intersection is open to local traffic providing access to the Quick Stop Car Wash and other area businesses. Should work temporarily close the intersection, motorists should use Marion Street or Lincoln Street to get to Magnolia Avenue and access the businesses.

Crews are continuing to install the underground utilities from Magnolia Avenue to ISB. This portion of the roadway is closed. Ahyan Food Mart customers should use Foote Court off of Marion Street. Checker's and Buck's Gun Rack are accessible from ISB.

Customers can park temporarily in the right-of-way on the side streets to access the businesses. Pedestrians should not walk through the work area. If walking around the work site perimeter, pedestrians are urged to use caution. For more information about the MLK Road Project, visit www.codb.us/MLKRoadProject.
