Applicant
Submitted N/A

- Completed permit application.
- Recorded Notice of Commencement.
- Disclosure Statement (only required for owner/builder applicant).
- Architectural Approval (LPGA & Pelican Bay only)
- Permit authorization of license holder.
- Two copies of "Residential Swimming Pool Safety Requirements".
- Two surveys showing the following information:
 - Flow arrows showing the direction of the proposed site drainage.
 - Pool, pool deck, screen enclosure, and pool equipment setback measurements from the side and rear property lines.

- Two sets of construction plans designed by a Florida registered engineer to meet the requirements of section R4501.6, 2017 FBC, Residential, signed, sealed, and dated with Chapter 3 exceptions. Plans shall provide thru section of pool shell showing type and thickness of wall, type and size of reinforcement, wall connection with deck, type and thickness of deck, deck reinforcement, etc.

- Two copies of the Simplified Total Dynamic Head (TDH) Calculation Worksheet.
- Two sets of anti-entrapment piping schematics signed, sealed, and dated by a Florida registered engineer containing dual main drain and atmospheric vent piping arrangement or a listed/tested valve system for the pool and separate spa (if applicable).
- If a screened pool enclosure is submitted, list a separate valuation for it on the permit application.
- Two sets of screen enclosure engineering if submitted with the pool permit application.

Additional plans, documents, and information may be required
